

HENNEPIN COUNTY MINNESOTA

HHS/HCMC Update

The 2026 Minnesota State legislative session ended on May 18. Lawmakers voted to provide significant and much needed support for Hennepin Healthcare.

While more work lies ahead, this legislation provides stability and lays the groundwork for continued collaboration on long-term solutions that will protect access to care.

Key components include:

- Immediate funding to support the hospital this year (\$205 million)
- A long-term reserve to provide financial stability through 2031
- A state-led task force beginning in August to help shape future governance and financing

For an update on the broader legislative actions passed, please view my June Newsletter.

NACo's inaugural Public Health Leadership Academy (PHLA)

Last summer I was appointed to NACo's Healthy Counties Innovation Council, which elevates trends and innovations in how Counties can promote and protect the health and wellbeing of residents.

I will be traveling to DC this month with Hennepin County ACA Sara Hollie to learn how to become better public health champions in our communities.
