

EPNI Receives Key to Roof Depot

EPNI (East Phillips Neighborhood Institute) has finally received keys to the Roof Depot! On June 13, an intimate ceremony was held with Danza Ketzal to honor the historic community ownership win and all those who supported the movement.

The next phase of Roof Depot development in 2026 will consist of

- 1) finalizing the purchase agreement with the City,
- 2) building urban farm infrastructure in the parking lot, and
- 3) gathering community input for design plans and governance models.

For more information or ways to engage, please visit EPNI's FAQs page at epnifarm.org/faqs or email info@epnifarm.org.
